

## **David Colón**

David Colón is an Associate Actuary with the National Council on Compensation Insurance (NCCI). During his sixteen years at NCCI, he has worked in a variety of areas including ratemaking, legislative analysis, data quality, and research.

Currently, David leads several research projects in the Research and Development practice area within the Actuarial and Economic Services Division at NCCI. In this capacity, David has authored and co-authored several research publications that are available at [ncci.com](http://ncci.com). David also oversees the administration of NCCI's Actuarial Committee, a committee that vets methodologies used by NCCI for ratemaking.

David earned his bachelor's degree in mathematics, with a minor in statistics from Florida International University. He is an Associate of the Casualty Actuarial Society and a Member of the American Academy of Actuaries.
