

ZACK MANSDORF

Zack practices in the broad range of EHS and Sustainability.

Aside from his own firm, Sustainability Consultants, he also is associated with BSI EHS Services and Solutions and Sancroft International. Zack is a Managing Principal Consultant with BSI (<https://www.bsigroup.com>) and as an Associate

Director with Sancroft International (www.sancroft.com).

Zack served as the Senior Vice President- Safety, Health, Environment, for L'Oreal Worldwide from June of 2000 to August of 2009, when he retired. In this role, he had overall responsibility for safety, occupational health and environment for 42 worldwide manufacturing sites, over 70 distribution sites and over 100 administrative centers around the world. L'Oreal has annual sales of approximately 25 Billion dollars (17.5 Billion €) with more than 65,000 employees worldwide. Zack worked and lived in Paris, France. Prior to this work, he has held several other senior level positions in the US Army (retired Lt. Col.) Goodyear, Midwest Research Institute, Clayton Environmental Consultants, Liberty International Risk Services and Arthur D. Little Company. Zack spent almost 15 years as head of Mansdorf & Associates which was sold to Clayton Environmental Consultants in 1994.

Zack has a Ph.D., in Environmental Engineering from the University of Kansas, School of Engineering, with Master's degrees in Environment and Safety from the University of Michigan and Central Missouri State. He has certifications (by examination) in all three areas as well (QEP, CSP and CIH). He is the immediate Past-President of the Academy of Industrial Hygiene and is a Past President of the American Industrial Hygiene Association (AIHA), Past Board member of the Board of Certified Safety Professionals (BCSP), Past President of the American Industrial Hygiene Foundation, A Fellow of AIHA, ASTM and the Controlled Release Society. Zack is also a Professional Member of the American Society of Safety Engineers and serves on their Council on Professional Affairs. He also served as a Director and the Chair of the Advisory Committee for the Center for Safety and Health Sustainability (founded by ASSE, CSSE, AIHA and IOSH). He has received a number of awards from these organizations and was elected as an honorary member of Rho Sigma Kappa (honorary society for safety at Central Missouri State University).

Zack is a past Adjunct Associate Professor of Environmental Engineering, a past member of the Graduate School Advisory Committee for the University of Kansas and was active in teaching in a number of other institutions. He is very well published in safety, industrial hygiene and the environment and sustainability with a large number of books, chapters, and journal and magazine articles.

Zack specializes in management systems and business approaches to promote sustainability and environmental excellence.
