Terry D. Sandman, D.C., M.P.H., D.A.C.B.R. is a graduate of the National University of Health Sciences in Illinois. He completed a radiology residency at National and is board certified in radiology by the American Chiropractic Board of Radiology. In addition, he completed a Fellowship practicum in advanced imaging in orthopedics and neurospinal imaging through the MRI Educational Foundation in Cincinnati, Ohio. He earned a Master of Public Health degree from Northern Illinois University with a concentration in environmental health and epidemiology. He also holds certification in Peer Review and Utilization Management and in Permanent Impairment and Disability Evaluation. Dr. Sandman held the position of Head of Radiology at National before establishing a private radiology practice. He has extensive experience in the interpretation of plain film and digital images, MRI and CT.

Currently, he is a diagnostic radiologist practicing in St. Petersburg, Florida. He is also an adjunct faculty member at the National University of Health Sciences, Pinellas Park, Florida campus. He is a lecturer and author concentrating in aspects of risk assessment, quality assurance and prevention of medical errors in radiology. Dr. Sandman is a member of the American Chiropractic Association, the Florida Chiropractic Association, the Pinellas County Chiropractic Society and the Council on Diagnostic Imaging. He is a member of the American College of Chiropractic Radiology.
