

Patchez Pirtle, RN, CCM

Patchez Pirtle, RN, CCM currently serves as the **Director of Catastrophic Services** for Restore Rehabilitation. Mrs. Pirtle has been a Registered Nurse for 25 years and in the Workers' Compensation Case Management industry for over 15 years. Her experience includes medical case management / supervision, legal nurse review, litigation consultation and account management. Mrs. Pirtle's passion and specialty is in Catastrophic Claims management. She has created and overseen multiple programs and account services for handling highly complex medical files. This includes day to day assistance and supervision on complex cases with field case management staff, providing estimates and accurate information for reserve setting as well as mini cost projections. She serves as the point of contact with carriers, TPA's and employers to ensure each party is receiving exactly what they need and the treatment is on course.
